

JOIN THE MARKET LEADER IN ULTRASONIC WELDING TECHNOLOGY

Immerse yourself into the fascinating world of ultrasonic welding! Herrmann Ultrasonics develops and builds machines that join plastics, packaging materials and nonwovens with ultrasonic vibration. This technology is suitable in many industries, such as medical, electronics, food and filtration. With nearly 520 global employees, based within 4 Headquarters and 23 Tech Centers, we are represented in 20 countries worldwide. Become part of our dynamic team in the United States and apply as:

ICATT Apprentice, CNC Machining Professional

High-tech manufacturing continues to evolve, we have partnered with the ICATT Apprenticeship Program, to help us bridge the skills gap we see within the industry. As our apprentice you will gain hands-on practical manufacturing skills in conjunction with your academic coursework. You will learn to program and operate our CNC machines to produce precision ultrasonic tooling through processes such as milling, turning, drilling or grinding. Not only do we cover the cost of your schooling but we also give compensation for your "working time" at our facility. Upon completion of the program you will have an Associate's Degree, as well as national and international credentials. Your successful completion will award you with a 2-year employment guarantee offer from Herrmann.

What makes Herrmann stand out:

- Family owned business
- Global technology leader
- Investment in employee education through Herrmann Academy
- Rewarding business model with competitive benefits
- A respect for people, process and the planet

What sets you apart:

- High school PLTW course work
- Mechanical and electrical aptitude
- Eager to learn the manufacturing skills
- You must be accepted into the applicable college program, via a college placement exam

Charlie Cassidy is an ICATT graduate, he will be your colleague at Herrmann.

What he enjoys most about his job:

-  Acknowledged technology leader
-  Remarkable team spirit
-  Personal development opportunities
-  Valued contribution of ideas

Qualified candidates, please submit your resume with ICATT Apprentice, CNC Machining Professional in the subject line to: jobs@herrmannultrasonics.com
